American Federation of State, County and Municipal Employees, AFL-CIO**

Welcome

Dear Fellow MAA Members:

Welcome to the Municipal Administrators Association Union, this is here to help and support you. Members of the MAA are the core group of staff that provides and oversees direct services to our citizens, establishes and monitors departmental budgets and improves the City's infrastructure.

Please visit the MAA membership website, which we have created as a way to improve communications with all of our members. The Executive Board envisions this site as an opportunity to keep all MAA members informed of Union happenings, as well as provide our membership with the opportunity to contact any of us when needed. As you review the contents of the site, please take the time to read the current contract, MAA Executive Board Meeting Minutes, MAA Annual Budget, and much more.

On the website we also provide information regarding the Sick Bank, Tuition Reimbursement Program, and the Grievance and Arbitration process. In addition, we have provided links to the AFSCME website, as we are an affiliate member of that organization.

The website also includes the names and contact information of the Executive Board and Stewards. Please feel free to contact any one of us for assistance or feedback to improve the website.

I would like to personally welcome you to the City of Stamford and offer you any assistance in getting acclimated to your new position.

Sincerely,
Dan Colleluori
MAA President

AFSCME is the nation's largest and fastest growing public services employees union with more than 1.6 million working and retired members. AFSCME's members provide the vital services that make America happen. We are nurses, corrections officers, child care providers, EMTs, sanitation workers and more. With members in hundreds of different occupations, AFSCME advocates for fairness in the workplace, excellence in public services and prosperity and opportunity for all working families.

AFSCME is a union comprised of a diverse group of people who share a common commitment to public service. For us, serving the public is not just a job, it's a calling. An important part of our mission is to advocate for the vital services that keep our families safe and make our communities strong. We also advocate for prosperity and opportunity for all of America's working families. We not only stand for fairness at the bargaining table — we fight for fairness in our communities and in the halls of government.

Several benefits and scholarship programs are available for AFSCME members and their children:
